

Dear parents / guardians,

Due to COVID19, you will be aware that children were allowed to wear their tracksuits everyday this year instead of a combination of tracksuits and uniforms. As a school, we are looking at where we go now with our uniform policy. Below is a one question parental poll on what you would like to see moving forward.

The options are:

- a) remove the uniform requirement and just have school tracksuit everyday
- b) return to the combination of uniform and tracksuit

We are very aware in the school of the rising cost of living and we would be very happy to see just the school tracksuit moving forward if it meant that it reduced costs for parents. The below link is a chance for you to have your say and we will go with what the majority want. The closing date to vote is Thursday 26th May.

Best wishes,

David Dempsey.
